

QUALITY PRODUCTS

ISO 9001:2008

ASME Section IX and AWS D1.1, D1.2, D1.6

www.qprod.com

Core Services

Milling
Turning
Assembly
CMM and FARO Arm
CAD/CAM
GibbsCAM

Materials

Nickel Alloys
Stainless
Carbon & Alloy Steel
Tool Steel
Aluminum
Brass
Copper
Engineering Plastics
Titanium

Machining Equipment	
5	CNC Turning Centers with Live Tooling
11	Vertical Machining Centers (40in x 120in)
3	4-Axis Vertical Machining Centers
2	Multi-Pallet Vertical Machining Centers
1	Multi-Pallet Horizontal Machining Center
4	CNC Tool Mills

Fabrication Equipment	
2	CNC Lasers (60in x 192in)
1	CNC Turret Punch Press
2	CNC Single Station Punch Presses
3	Press Brakes (.25in x 120in)
1	Precision Squaring Shear
3	Spot Welders (100KVA)
1	Tube and Angle Roller
1	Sheet Metal Roller
7	MIG/TIG Welding Machines
4	Vibratory and Barrel Finishing Machines

Who We Are

Quality Products is an ISO 9001:2008 certified custom manufacturing company in Charlotte, North Carolina that provides precision machining and fabrication services for OEM manufacturers throughout a broad range of industries.

Fast Facts

- Founded in 1938
- Newly Expanded State of the Art Facility (47,000 Sq. ft.)
- Highly Experienced, Solution-Oriented team
- 3 and 4 Axis High Speed CNC Machining Capability
- Parts up to 120" in Length
- Full Service Fabrication and Assembly
- ISO 9001:2008 and ASME Section IX and AWS D1.1, D1.2, D1.6

Value Added Expertise/Services

- Reverse Engineering
- Prototype to Production
- First Article
- Manufacturing and Assembly Integration
